Exhibits and/or Demonstrations

None.

Identification of Claims Discussed

Claim 30 was discussed.

Identification of Prior Art Discussed

None.

Proposed Clarifications

Applicant discussed correcting the following phrase in Claim 30 from "the amplitudes of the third set of frequencies are greater than the amplitudes of the third set of frequencies" to be "the amplitudes of the ~~third~~ fourth set of frequencies are greater than the amplitudes of the third set of frequencies".

Results of Interview

It was Applicant's understanding that Examiner Lee was not opposed to making the proposed amendment, but an Examiner's amendment was not possible because Applicant has already paid the Issue Fee. Thus, Applicant has filed this Request for Continued Examination and a petition to withdraw the application from issuance.

Upon grant of the petition, Applicant respectfully requests Examiner Lee to enter the amendment and allow the pending claims.
